

Volunteers Needed

You Can Make A Difference!!

Our Healthcare Advocates EMPOWER survivors of domestic violence by offering emotional support, connecting them to Safehome and other Community resources, providing DV education, and by creating a detailed safety plan that matches survivors' goals.

Healthcare Advocates

- **Provide 24/7 advocacy to patients in Johnson County hospitals who are experiencing domestic violence.**
- **Share information regarding the free resources available such as legal advocacy, housing and other Safehome services.**
- **Assist survivors in finding emergency shelter or a safe place to stay.**
- **Undergo 40 hours of extensive training so they are equipped with the tools they need in order to be advocates for DV survivors**
